Forecast for Tuesday 08 Mar 2022

Weather: Dry for much of the day. Some patchy low cloud at first in the south. Then some lengthy sunny spells before it clouds over from the southwest later in the afternoon. Outbreaks of rain, with snow above 700 metres, will develop across Jura and Arran by late afternoon and spread northeast to the rest of the area through the early evening before it becomes drier by mid-afternoon.

Chance of cloud-free hill tops above 800m: 70%

Low Cloud and visibility: Poor in low cloud down to 700 metres at first, otherwise very good visibility for most of the day. Low cloud will become extensive from late afternoon down to 600 metres before becoming more broken from mid-evening. Whiteout conditions developing for a short time in the evening.
